

April 2, 2007

Mr. and Mrs. Walter and Amy Hass
228 Brown Street
Hutto, TX 78634

Dear Mr. and Mrs. Hass:

As you are aware, Lennar has offered to correct the drywall nailing pattern in your home. This repair may require your family to be out of your home overnight for approximately 14 days. Lennar apologizes that these repairs must be made, and for any inconvenience this may cause for you and your family. In order to minimize inconvenience to your family, Lennar will provide the following assistance:

\$150 per day for each hotel room needed

\$40 per person per day for meals

\$20 per day per vehicle for gas

\$50 per day for miscellaneous expenses

\$20 per day for utilities, phone and cable

\$35 per pet per day for boarding if necessary

Lennar requests an estimate for animal vaccinations

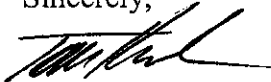

If fish can be boarded, Lennar will reimburse for \$35 per day, otherwise Lennar requests an alternate way of caring for fish of your choosing.

Lennar will provide this assistance at the start of repairs for an estimated 14 days. If repairs should go over 14 days, Lennar will provide an additional check at the amounts listed above multiplied by the amount of days over 14. In addition, Lennar will provide packing, moving, and storage of your belongings in a climate stabilized facility.

Foster Inspections Construction and Consulting will also be inspecting the nailing pattern during these repairs. Lennar will extend the warranty of these repairs for an additional year from the completion of the repairs.

Again, Lennar sincerely apologizes for the need for these repairs and for any inconvenience this may put on your family.

Sincerely,

Tom Klemcke
Director of Construction
Lennar Homes
